

Pirates A to Z Unit Study

Pirates Sailing the Seven Seas

Select two or three pirates from each century in your timeline. Using your timeline, color in the geographic areas on the map above where your pirates are known to have sailed. Use a different colored pencil or create a unique symbol for each pirate. Be sure to include a **Legend** at the bottom of your map.

Has the location where pirates sailed changed over time? If so, why do you think that is? Write one paragraph listing three reasons to support your answer.
